

Where in the Bible is the Trinity Taught?

As I come into contact with people trapped in cults and false religions, I've noticed that often there is error on **who Jesus is**. Is Jesus God? Is there more than one God? Was the Trinity invented at the Counsel of Nicea?

Back in 1996, I wrote a lengthy essay showing where in the Bible the Trinity is taught. I recently updated this essay and **it is available for free on my website**. I wanted to highlight this free resource to you. I hope it will be a blessing, encouragement, and a useful training tool for you.

You can find it at: <http://Trinity.Luke-15.org/>

At the same link is a "Cheat Sheet" on the Trinity, and a YouTube video on why it is important that our God is Triune.

I consider it an honor to provide resources to help equip and encourage Christians to be more effective ambassadors for Christ. Please share these resources with others that you think will be blessed by them!
